#### Rainbow Racer Slide

The Rainbow Slide is a compelling slide that is most popular with young people and is a must-have for waterpark projects; there are between 3 and 10 slides, entertaining many at the same time. Visitors can use the body or floating pad to glide, direct Mercedes diving, speeding into the swimming pool, enjoy the thrill of racing, leading the tourists glide. You can store buffered water at the end of the slide without sinking into the

pool or setting up a sink to increase the pleasure of falling water.

#### What's the difference?

A successful waterpark does not necessarily mean more water slides. As a waterslide manufacturer, we are aware of this fact because we care our clients' success. Each and every unit of the park matters. A solution consisting of a strategic combination of different units (slides, pools, paysage, theming, F&B, other amusement units, etc) is crucial. From the very first step, every detail should be taken into consideration. The Project should be planned to ensure to create a unique environment in which your guests will be happy to be in. Our Professional design team works in accordance with your needs from the idea phase, master planning upon completion.

Our team have designed almost 5,000 kilometers (16,808 feet) of slide path in our history. Needless to say, we've learned a few things about water slides along the way. If you have questions, we'd be happy to answer them.

Provided your project site, exclusively design and plan will be offered to you in 48 hours.
