Product Description

Low Priced Amusement Park Water Slides for Sale

Verified Top Manufacturer of Water Play Equipment in China

Spiral Water Slide Features

The spiral slide is a classic attraction for high visitor traffic in water parks. Offering both exciting spatial vision and thrilling play experience, it's a must-have for any amusement park. Riders glide through a dynamic spiral path, experiencing spatial and temporal variations as they pass through transparent sections, streamer effects, black hole tunnels, and open chutes. Each spiral slide can be customized to fit your specific location requirements.
