Product Description

Popular Fiberglass Water Slide Hot Sale Open Gyration Water Slide for Water Park

Verified Top Manufacturer of Water Play Equipment in China

Rainbow Racer Slide

The Rainbow Slide is a compelling attraction popular with young visitors and essential for waterpark projects. Available in configurations of 3-10 slides, it allows multiple users to enjoy simultaneous racing action. Visitors can use their bodies or floating pads to glide down, experiencing the thrill of high-speed diving into the pool. The slide features water buffering at the end to prevent sinking and enhance the water landing experience.

Why Choose Us as Your Waterpark Partner?

Comprehensive Services

We provide complete one-stop solutions including:

- Investment planning and feasibility analysis
- Master planning and construction design
- Custom facility manufacturing
- Professional engineering construction
- Environmental art and theming
- Material supply chain management
- Operations consulting
- Investment partnership opportunities

Our Product Range

Complete water play solutions including:

- Water slides for all age groups
- Wave pool equipment (air-blast and vacuum surf systems)
- Outdoor water playground structures
- Fiberglass pirate boats and themed elements
- Lazy rivers and extreme tidal rivers
- Over 80 cartoon spray pad configurations
- Interactive water play toys and features

Professional Support

Our team includes:

- Expert design engineers
- Experienced construction crews
- Responsive after-sales service teams

Strategic Planning Approach

With experience designing over 5,000 kilometers of slide paths, we understand that successful waterparks require strategic combinations of:

- Proper slide selection and placement
- Pool configurations
- Theming and landscaping
- Food & beverage integration
- Supporting amusement elements

We provide custom master planning within 48 hours of receiving your project details.
