### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: LANCHAO
- Model Number: LANCHAO-WT01
- Minimum Order Quantity: 1

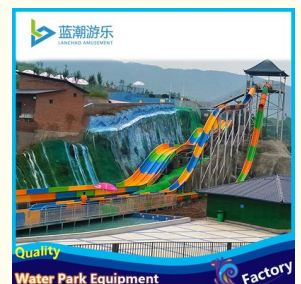

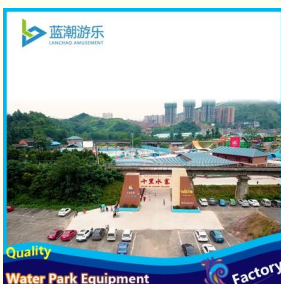

### Product Specification

- Material: Fiberglass
- Max Capacity: >500kg
- Allowable Passenger: >10 L
- Color: Customized
- Size: Customized
- Working Life: >12 Years
- Wave Pool Depth: 0-2.1m
- Wave Height: 2-2.5m
- Wave Length: 5-15 Meters
- Pool Area: Customized
- Wave Interval: 3-5 Min
- Blower Wave Height: 0.5-1.8m
- Extreme River Type: Flash Flood Simulation
- Water House Style: Multiple Themes
- Slide Path Length: 5000 Km Designed

Vacuum Wave (Tsunami Wave)

Combined with artificial beaches, our vacuum wave systems recreate the joy of ocean waves with flexible area design, intelligent operation, and continuous wave action. Perfect for creating a seaside atmosphere in any location.

| Feature         | Specification                  |
|-----------------|--------------------------------|
| Wave Pool Depth | 0-2.1m                         |
| Wave Height     | 2-2.5m                         |
| Wave Length     | 5-15 meters, 3-5 min each time |
| Pool Area       | Customized                     |

Blower Wave (Pneumatic Wave)

Our gentle blower wave systems use compressed air to create realistic wave action (0.5-1.8m height), perfect for family-friendly beach areas. The system operates by filling a confined space with air, then releasing it to push water and form waves.

| Pool Dimension | Capacity       | Equipment Quantity |
|----------------|----------------|--------------------|
| 300-800 m²     | 50-100 person  | 1-2 set            |
| 1000-1800 m²   | 120-180 person | 3 set              |
| 2000-3000 m²   | 200-500 person | 4-5 set            |

### Why Choose Us as Your Water Park Partner?

We offer complete one-stop solutions including investment planning, facility manufacturing, engineering construction, and operation management. Our portfolio includes over 80 types of water play equipment for all ages.

#### Our Differentiators:

- Strategic planning expertise to create unique, successful park environments
- Professional design team with extensive experience (5,000+ km of slide paths designed)
- Customized planning within 48 hours of receiving your project details
- Powerful engineering team and experienced construction professionals
- Responsive after-sales service ready to solve any issues

We understand that successful water parks require more than just slides. Our solutions combine strategic mixes of slides, pools, landscaping, theming, and other amusement units to create unique environments that keep guests engaged and coming back.
