Product Description

Hot Sale Commercial Amusement Equipment Water Park Slide

Verified Top Manufacturer of Water Play Equipment in China

Rainbow Racer Slide

The Rainbow Slide is a compelling slide that is most popular with young people and is a must-have for waterpark projects. With between 3 and 10 slides, it entertains many visitors simultaneously. Guests can use their body or floating pad to glide, experiencing direct diving and speeding into the swimming pool to enjoy the thrill of racing.

Spiral Slide

The spiral slide is a classic for fast visitor traffic in waterparks. Whether in terms of spatial vision or the play experience, it's a must-have for amusement parks. Players glide through spatial and temporal variations, passing through changes from transparency to streamer effects, black holes, and open chutes. The Spiral can be customized to fit the customer's actual location.

Barrel and Sledge Slide

The barrel and sledge slide is a classic combination of double-channel slides, featuring low cost, small footprint, and unique experience where riders slide directly on their bodies.

High Speed Slide

A free-fall thrilling experience. When you give guests slides and other water rides that offer real thrills and excitement - adrenaline-pumping experiences they can't get anywhere else - it's possible to keep them coming back repeatedly, making even a short season extremely profitable.

Boomerango Slide

Waterslides and water play structures appeal to families who might not otherwise be interested in typical theme park experiences. A waterpark allows guests to spend more time together than most theme parks, riding many slides as a group.

Trumpet Slide

Our selection includes large trumpet slides for adults and mini-trumpet slides for kids and family fun. These can be customized with vibrant colors to become an attractive feature in any water park.

Space Bowl Slide

The Space Bowl is a water facility shaped like a bowl where riders slide directly on their bodies. After starting in the Space Bowl, visitors slide down at high speed in a closed chute, enter the bowl, and then slip into the pool.

Aqua Loop Slide

The large swing slide is made of translucent glass and steel materials. Riders are in tightly sealed cabins that drop from a 16-meter-high platform. The body slides along a nearly vertical tube like a roller coaster, creating strong visual impact and excitement for both riders and spectators.

Why We Are Your Best Partner

What Services Can We Offer?

We provide one-stop solutions including investment planning, construction planning, facility manufacturing, engineering construction, environment art, material support, operation management, and investment cooperation.

Our product range includes all water play equipment such as water slides for adults and kids, swimming pool wave machines (both air-blast and vacuum surf wave equipment), outdoor water playground houses, fiberglass pirate boats, lazy leisure rivers, tidal extreme rivers, over 80 kinds of cartoon spray pads, and numerous water splash play toys.

Our team includes powerful professional engineers, experienced construction personnel, and dedicated after-sales service ready to assist you anytime. If any problem occurs after project completion, our service team will immediately follow up with solutions.

What's the Difference?

A successful waterpark requires more than just slides. As a waterslide manufacturer, we understand that strategic combinations of different units (slides, pools, landscaping, theming, food & beverage, and other amusement units) are crucial. From the initial planning stage, we consider every detail to create unique environments where guests will enjoy spending time.

Our design team has created nearly 5,000 kilometers of slide paths throughout our history. We offer exclusive design and planning solutions within 48 hours of receiving your project site details.

How Can You Trust Us?

Begin by sending us an inquiry. Our water play equipment including slides for adults and kids, wave machines, playground houses, pirate boats, leisure rivers, and spray pads are widely used in holiday hotels and resorts worldwide.
