High Speed Slide

A free-fall thrilling experience.

If you give guests slides and other water rides that offer real thrills and excitement - adrenaline-pumping experiences that they can't get anywhere else - then it's definitely possible to keep them coming back again and again. And that allows even a short season to be extremely profitable.

Boomerango Slide

Waterslides and water play structure are appealing to families who might not otherwise be interested in the "typical" theme park experience. After all, a waterpark allows guests to spend much more time together than most theme parks. They can ride many of the slides as a group.

Spiral duration slide

The spiral slide is a classic for fast visitor traffic in waterpark. Whether in terms of spatial vision or the play experience, it is a must in amusement park. Players glide in a spiral slide, undergoing the spatial and temporal variation, passing through the changes from transparency, streamer, black hole and open chute. The Spiral can be tailored to the customer's actual occasion.

Rainbow Racer Slide

The Rainbow Slide is a compelling slide that is most popular with young people and is a must-have for waterpark projects; there are between 3 and 10 slides, entertaining many at the same time. Visitors can use the body or floating pad to glide, direct Mercedes diving, speeding into the swimming pool, enjoy the thrill of racing, leading the tourists glide. You can store buffered water at the end of the slide without sinking into the pool or setting up a sink to increase the pleasure of falling water.

Vacuum wave

Vacuum wave is also called Tsunami wave.

Combined with artificial beach, in the joy of the water world, the city, feel the sand, the sun, the waves comfortable. artificial wave advantage lies in the area design flexibility, intelligent operation, easy management, low noise, good continuity of the waves and so on.

Features 1. The size can be customized according to the space of water park; 2. It is indispensable leisure project 3. Large tourist capacity, suitable for family tourist, teenagers and adults; 4. With artificial beach and seaside scenery. 5. A powerful wave, more fun and excited..

Product Name

Vacuum Wave (Tsunami Wave)

Wave Pool Depth

0-2.1m

Wave Height	2-2.5m
Wave Length	5-15 meters, 3 - 5 min each time
Pool Area	Customized

Blower wave

Blower wave is also called Pneumatic wave wind-induced wave.

Compared to the Vacuum pool, the wave is a little gentle, giving people a feeling of the waves making a beach! It is done by blowing waves! The air is constantly filled with air in a confined space when closed by a blower. When the space reaches a certain air pressure, the gate is opened momentarily, and the air flow pushes the water to form the waves. Waves can reach 0.5-1.8m!

Serial Number	Pool Dimension	Capacity	Equipment Quantity
1	300 - 800 m ²	50 - 100 person	1 - 2 set
2	1000 - 1800 m ²	120 - 180 person	3 set
3	2000 - 3000 m ²	200 - 500 person	4 - 5 set

Extreme river

Compared to lazy river, Extreme river much more thring and excited, and the

water flow is much more powerful.

It is the new equipment which is designed in 2013 according to market demand, it is a new upgrading lazy river. The feature of extreme river is that setting water-gate in some high point of the river to save water, open the gate suddenly at specified time which is like flash flood. Players can challenge the surge of flash flood and feel the pleasure of waves.

Why we are your Best Partner ?

What services can we offer?

One-stop solutions is available here, including investment planning, planning construction, facility manufacturing, engineering construction, environment art, material support, operation management, investment cooperation.

All water play equipment such as water slide for both adults and kids, swimming pool wave machine with both air-blast and vacuum surf wave equipment, outdoor water playground house & fiberglass pirate boat in water park, lazy leisure river, tidal extreme river, over 80 kinds of cartoon spray pads, and numbers of water splash play toys, etc....

Powerful professional engineers, experienced construction team, and after-sales service team are all ready to help you anytime. Once any problem occurs after the completion of the project, our after-sales service team will immediately flow up and solution your problems.

What's the difference?

A successful waterpark does not necessarily mean more water slides. As a waterslide manufacturer, we are aware of this fact because we care our clients' success. Each and every unit of the park matters. A solution consisting of a strategic combination of different units (slides, pools, paysage, theming, F&B, other amusement units, etc) is crucial. From the very first step, every detail should be taken into consideration. The Project should be planned to ensure to create a unique environment in which your guests will be happy to be in. Our Professional design team works in accordance with your needs from the idea phase, master planning upon completion.

Our team have designed almost 5,000 kilometers (16,808 feet) of slide path in our history. Needless to say, we've learned a few things about water slides along the way. If you have questions, we'd be happy to answer them.

Provided your project site, exclusively design and plan will be offered to you in 48 hours.
