Full of Racers' Happiness & Outcry

The much Higher is , the more Exciting is

*JOY for rainbow race
water slide!*

Rainbow Racer Slide

The Rainbow Slide is a compelling slide that is most popular with young people and is a must-have for waterpark projects; there are between 3 and 10 slides, entertaining many at the same time. Visitors can use the body or floating pad to glide, direct Mercedes diving, speeding into the swimming pool, enjoy the thrill of racing, leading the tourists glide. You can store buffered water at the end of the slide without sinking into the pool or setting up a sink to increase the pleasure of falling water.

Spiral dyration slide

The spiral slide is a classic for fast visitor traffic in waterpark. Whether in terms of spatial vision or the play experience, it is a must in amusement park. Players glide in a spiral slide, undergoing the spatial and temporal variation, passing through the changes from transparency, streamer, black hole and open chute. The Spiral can be tailored to the customer's actual occasion.

High Speed Slide

A free-fall thrilling experience.

If you give guests slides and other water rides that offer real thrills and excitement - adrenaline-pumping experiences that they can't get anywhere else - then it's definitely possible to keep them coming back again and again. And that allows even a short season to be extremely profitable.

Boomerango Slide

Waterslides and water play structure are appealing to families who might not otherwise be interested in the "typical" theme park experience. After all, a waterpark allows guests to spend much more time together than most theme parks. They can ride many of the slides as a group.

Space bowl slide

Space bowl is a water facility like the shape of bowl, directly sliding down on bodies. After starting in the Space Bowl, tourists slide down at high speed in a closed chute, and then enter into the Space Bowl, and directly slip into the pool.

Aqua loop slide

The large swing slide is made of translucent glass and steel materials. Tourists are in tightly sealed cabins. From the 16-meter-high platform, the water is lubricated. The body is like a roller coaster and slides along a nearly vertical slide tube. With a strong visual impact and admiration, the wait-and-seers also frightened.

Standard Export Packing

Why we are your Best Partner ?

What services can we offer?

One-stop solutions is available here, including investment planning, planning construction, facility manufacturing, engineering construction, environment art, material support, operation management, investment cooperation.

All water play equipment such as water slide for both adults and kids, swimming pool wave machine with both air-blast and vacuum surf wave equipment , outdoor water playground house & fiberglass pirate boat in water park, lazy leisure river, tidal extreme river, over 80 kinds of cartoon spray pads, and numbers of water splash play toys, etc....

Powerful professional engineers, experienced construction team, and after-sales service team are all ready to help you anytime. Once any problem occurs after the completion of the project, our after-sales service team will immediately flow up and solution your problems.

What's the difference?

A successful waterpark does not necessarily mean more water slides. As a waterslide manufacturer, we are aware of this fact because we care our clients' success. Each and every unit of the park matters. A solution consisting of a strategic combination of different units (slides, pools, paysage, theming, F&B, other amusement units, etc) is crucial. From the very first step, every detail should be taken into consideration. The Project should be planned to ensure to create a unique environment in which your guests will be happy to be in. Our Professional design team works in accordance with your needs from the idea phase, master planning upon completion.

Our team have designed almost 5,000 kilometers (16,808 feet) of slide path in our history. Needless to say, we've learned a few things about water slides along the way. If you have questions, we'd be happy to answer them.

Provided your project site, exclusively design and plan will be offered to you in 48 hours.

How can trust us?
